To Whom It May Concern:

After having invested in the *Dynamics of Personal Goal Setting*, I especially appreciated the opportunity to plan my financial and career goals along with all the other areas of my life. It has truly given me the freedom to live a full life. I recognized how valuable this was and decided to provide my Management Staff with the My Tyme Personal Success Planner. They attended the four hour workshop provided by my distributor, SUCCESS ASSOCIATES in California and each received a Success Planner. Now that we are all using the system, planning has become easier and communication between departments has improved.

The Dynamics of Goal Setting Program has proven to be one of the best investments I've made in myself. It has allowed me to develop goals for all areas of my life that are in balance. I would highly recommend the Program to anyone looking for a way to once again take control of their life. As "advertised" the Program truly provides a bridge between reality and achieving your dreams.

The Dynamics of Personal Goal Setting Program is continuing to return dividends on my investment – and, what is even better is that I know that I will have it for the rest of my life. It is a one time investment that truly keeps on giving.

Sincerely,
