Mr. Paul J. Meyer, Founder
Success Motivation International
P. O. Box 7441
Waco, Texas 76714

Dear Mr. Meyer:

I was 29 years old in 1988 when I first became acquainted with Success Motivation Institute International Inc. I was a seminary student pursuing the Master of Divinity degree at Southwestern Baptist Theological Seminary and worked full-time as a Customer Service Manager at Sprint's National Service Center in Dallas. Back then Sprint was called US Telecom and the company was fiercely competing in the post-deregulation long distance market of the Bell Telephone System.

I went to your course entitled the "Need to Excel: The \$10 Million Dollar Personal Success Plan." For the first time in my life I was challenged to plan for the future by setting clear and specific goals. Your seminar taught me to set my sights on what I was to become by considering goals in spiritual, physical, relational, occupational, financial, and ethical dimensions of my life. So, with little experience and the belief that goals could be achieved, I followed your plan. I have continued this process every three years since 1988. The following accomplishments are directly related to the planning skills I learned at your seminar: I am currently serving as a Bible College president at Hispanic Baptist Theological School, soon to be named Baptist University of the Americas; I hold a BBA in Management, Master of Divinity and Doctor of Ministry degrees, and am pursuing a PhD in Leadership; I serve as Chairman of the Hispanic Outreach Task Force of the White House Initiative for Hispanic Academic Excellence; and the list goes on.

Mr. Meyer, as you can see, you continue to have an impact on my life and leadership in ways I could not anticipate. Fifteen years after I came in contact with your material, I find my self still finding great value in your ability to lead others to dream big for the Kingdom. Eternity has been changed for a number of people who have come into my life because I learned to dream and how to turn those dreams into reality. Thank you for the opportunity to share part of my life story. Thank you for being available to God resulting in the transformation of my life as a leader. --A
Dios Sea La Gloria! To God be the Glory! I would love to meet you in person to personally thank you for blessing my family and me.

Sincerely,

Dr. Albert Reyes
President
